

Dear Member,

During our current COVID-19 pandemic, many Home Groups have suspended their in-person meetings. Many have set up on-line "virtual" meetings using programs like Zoom. There is a significant potential financial impact from this because the 7th Tradition may be overlooked. Please consider on-line opportunities you may use to continue to send contributions to your districts, inter-groups, Area 59 and A.A. (General Service Office.) Most of these service entities operate with a prudent reserve. For example, Area 59 currently has a 3-month reserve. My understanding is that G.S.O. has about a 9-month reserve.

While our Fellowship has a long and strong history of stepping up when the call for financial help goes out, it is worth noting that cash flow is important for our groups and service organizations to be economically healthy. Therefore, I am send this loving request to consider making your contributions on-line or via mail during this crisis.

You can make Area 59 contributions on-line by going to www.area59aa.org click on **Member Services** (and look to the lower left of that page where you will see a "button"
