Webmaster Report for February 2022 YAI Meeting

The website was 99.5% operational for the month, with about 3.5 hours of downtime the evening of January 23rd, due to a problem at our web host.

An update to last month's update about sharing our meetings with Area 59: The Area 59 webmaster was able to solve the problem with automatically importing our meetings from our site into theirs, and so I no longer will be exporting a meeting list file to them at the end of the month.

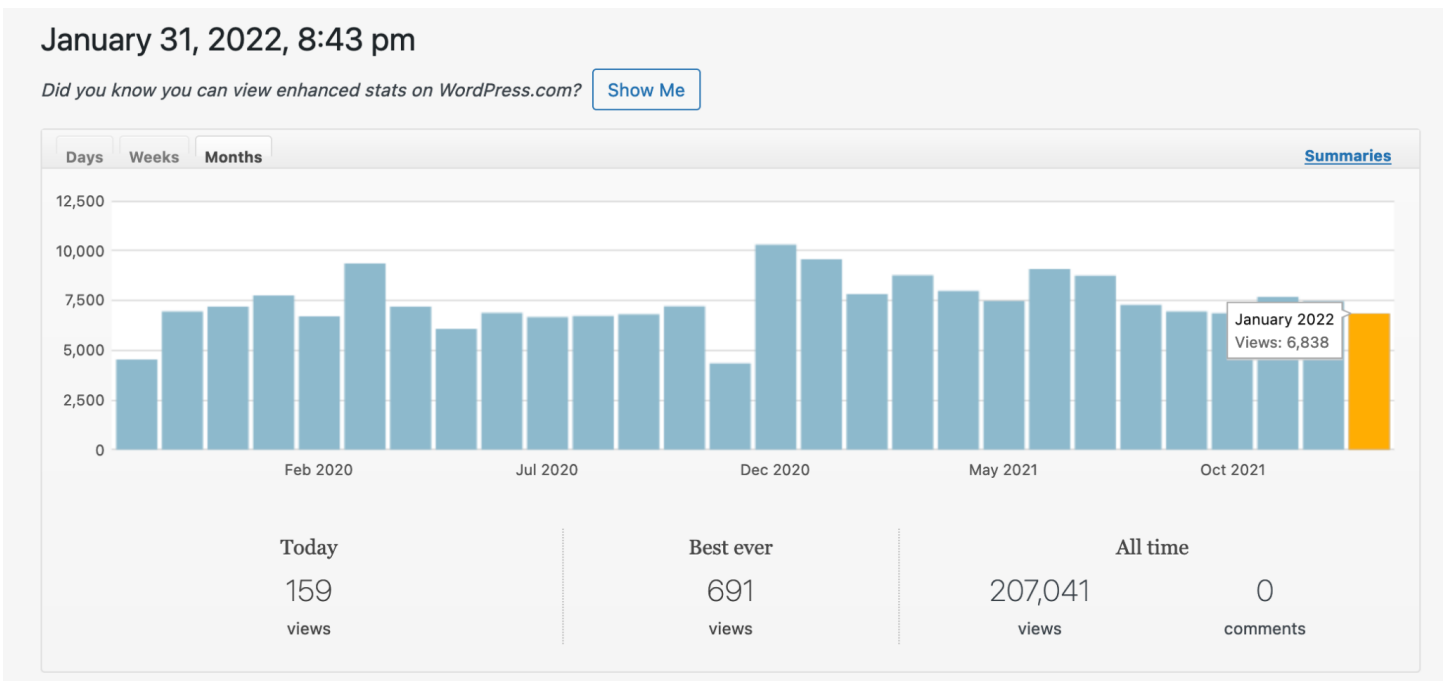

In Service,

Marc E.
