## Webmaster Report for March 2022 YAI Meeting

The website was 100% operational for the month, with no known downtime.

I've had intermittent reports over the past few months of emails sent from our york-pa-aa.org addresses being marked as spam by certain recipients' email providers. For example, emails that I have sent from the [webmaster@york-pa-aa.org](mailto:webmaster@york-pa-aa.org) or [yai-sec@york-pa-aa.org](mailto:yai-sec@york-pa-aa.org) accounts have been marked as spam by some of the recipients we've sent those emails to, and they don't see them till they check their spam folder.

I worked with the web host to apply the most important email "trust" setting, known as "DKIM", to our york-pa-aa.org email accounts. I'm hoping this alleviates most if not all of our email delivery problems.

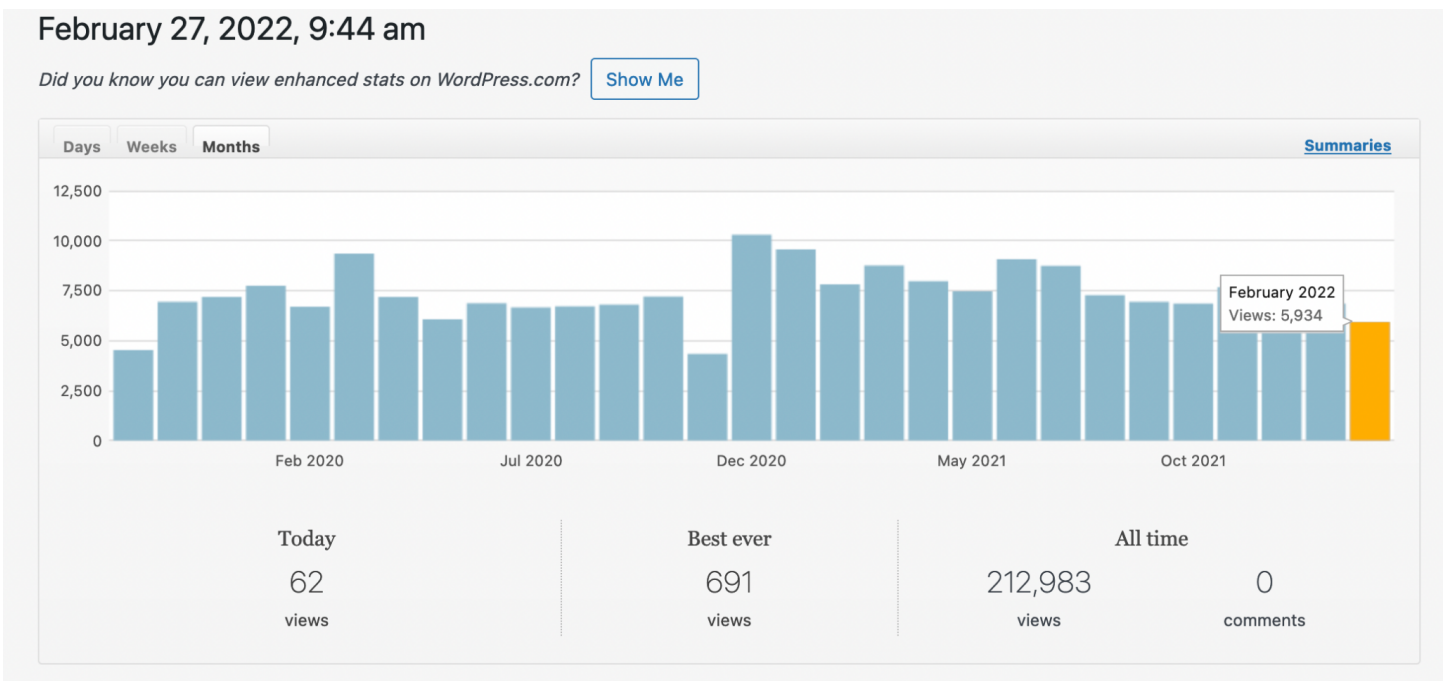

In Service,

Marc E.
