In April, more meetings resumed in-person, continuing the trend from the past few months. As meetings are opening up, I've continued to highlight those re-openings on the home page, which you can see on the home page now. I'm removing those updates from the home page after a month or so.

We have seen a notable increase in spam on our web forms, including the Meeting Update Form and Bookstore Order Form. As for now, it's mostly a nuisance. I researched solutions, and near as I can tell, we have two options:

1. Pay @ \$120/year for Akismet WordPress spam prevention. I have experience with Akismet, and it works great. It's the fastest solution to this problem, is easy to set up, and requires no rebuilding of any of our contact forms
2. Use one of the handful of free Form Builder plugins that have built-in spam prevention. These are free but would take time to rebuild our handful of contact forms using this approach. I do not have any experience with the available plugins

If any of you have any experience with WordPress, or know anyone who does, and would like to weigh in, please let me know!

Last month, AA World Services published American Sign Language videos, with English captions, on the World Services YouTube channel. I updated the Videos section on the home page to highlight this big news.

When meeting changes settle down a bit more, we should consider printing more meeting schedules. Until that time, we post a printable list online every few weeks with the latest updates.

Thanks so much for allowing me to be of service!

Marc E.
